GOVERNOR SMITH IS INSTALLED IN OFFICE

Inaugural Exercises For Georgia's New Chief Executive.

MILITARY AND CIVIC PARADE.

Promptly at Noon Saturday Governor Terrell Surrendered the Reins of Government to Governor Hoke Smith.

Atlanta, July 1.—As a fitting climax to a demonstration unequaled in the history of Atlanta, Governor Hoke Smith was inaugurated at the state capitol Saturday in the presence of the largest, most representative and withal the most enthusiastic crowd of people ever before assembled in Georgia upon such an occasion. The inaugural exercises were held on the capital grounds and the

whole face of the earth in the neighborhood was covered with people.

A pretentious street pageant, observed and cheered by thousands who lined the sidewalks, preceded the formal program, but long before this spectacle moved the jubilee feeling was everywhere prevalent in the atmosphere. The gaily decorated buildings, the steady tramp of thousands of feet as people moved along the streets, an occasional "Hurrah for Hoke," these and other things tended to enliven interest.

The governor-elect spent the morning at his West Peachtree residence resting for the occasion.

Prior to the arrival at the capitol of the parade, the general assembly, state house officers, members of the supreme court and the court of appeals, judges of circuit courts, state and federal, and other distinguished guests marched in a body to the stand outside the big building. Here seats had been provided for all of them, and here they remained awaiting the beginning of the exercises.

The exercises at the capitol were opened with prayer by Bishop Warren A. Candler. Following this, Chief Justice William A. Fish, of the supreme court, administered to the governor-elect the oath of office.

After being sworn in Governor Smith received from the secretary of state, Hon. Phil Cook, the great seal of state.

When these preliminaries were over the new governor proceeded to address the legislature and the assembled multitude.

The fact that members of the out-of-town companies of the National Guard of Georgia were on hand to secure leave of absence from duty for the week-end, diminished considerably the numbers of the soldiers which participated in the parade. Only one division commanded by Brigadier General Harris, with headquarters at Macon, was present in full force. Several companies of the Richmond Hussars, Augusta, under command of Captain Bennett, joined forces with the Atlanta troops. Nevertheless, the military made a splendid appearance, marching with an imposing step.

Marshal in Chief Edgar Dalton, of the governor's staff, Oscar Palmer, chief of staff, and division commanders acted as escorts of honor and preceded the procession, which was composed of the governor-elect and his staff, the governor and his staff, the state house officers, the supreme court, the court of appeals, the judges of the circuit courts, state and federal, and other distinguished guests in carriages, the members of the legislature, the Confederate veterans, the Spanish-American veterans, the Atlanta Fire Department, the Atlanta police force, the Atlanta Boys' Band, the Atlanta Cadet Corps, the Atlanta Boys' Club, the Atlanta Girls' Club, the Atlanta Girls' Band, the Atlanta Girls' Drum Corps, the Atlanta Girls' Fife Corps, the Atlanta Girls' Bugle Corps, the Atlanta Girls' Color Guard, the Atlanta Girls' Color Bearers, the Atlanta Girls' Color Escort

FEARFUL ACCIDENT TO GREEK LABORER

Fell Between Cars and Was Horribly Crushed at Tyler.

IS IN SERIOUS CONDITION

Left Leg Was Broken in Three Places, Left Arm in Two Places, and Was Otherwise Painfully Injured—Now Under Treatment at Sanitarium.

As the result of falling between railroad cars at Tyler, where he was employed by the Tyler Lumber Company, Constindernos Ralyn, a Greek, forty years of age, was horribly crushed, and now lies at the National Odd Fellows' Sanitarium in this city with both painful and serious injuries, having sustained injuries which may cause death without the most persistent professional watching.

This man, with about forty others, all employes of the Tyler Lumber Company, were riding on flat cars, when he lost his balance and fell between two cars, being terribly crushed before the train could be stopped.

The unfortunate man was brought to Gainesville for treatment by Dr. Hodges was summoned. The physician discovered that his left leg was broken in three places, his left arm in two places, besides sustaining severe bruises about the body, with the result that he may be injured internally.

The unfortunate man was taken to the Sanitarium, where he is now under the treatment of Dr. Hodges. He cannot speak or understand a word of English, but interpreters are constantly about him to make his wants known.

Dr. Hodges states that the man is in a very serious condition, but with proper care it may be possible to save his life.

A NARROW ESCAPE.

Employe of Coffin Factory Came Near Meeting a Sudden Death.

L. B. Owens, a valued employe of the Gainesville Planing and Coffin Company, came so near death's door Monday that he could hear the hinges creak. It was an experience that he does not care to go through again soon, and for an hour after it occurred the cold perspiration trickled down his back in such quantities as to almost cause a chill.

While Mr. Owens was engaged about a planing machine, a careless negro woman feeding the machine stuck a board into a castiron pulley. Naturally this pulley could not resist the hard lumber and broke, an immense piece flying with great velocity in the direction of Mr. Owen's head. The only thing that saved him was a blow-pipe, the piece of iron striking the blow-pipe.

Had it not been for this pipe the man would have been killed instantly, and he is being congratulated by his friends that he is still alive.

To My Friends and Customers:

I take great pleasure in announcing that Mr. J. B. Padgett, having purchased a half-interest in the W. R. Thomas Livery and Sale Stable, will henceforth be associated with me in that business. Mr. Padgett is too well and favorably known throughout this entire section of the State to need any words of commendation from me. He will give his entire attention to the business, which will mean we will, from now on, be in position to give better and prompter service to our patrons than ever before, and that the business will be more carefully looked after in every way.

Grateful for the past, I solicit for the new firm from my customers and friends a continuance of their very liberal and much appreciated patronage.

Respectfully,
W. R. THOMAS.

Death of an Infant.

Norvell R., the four-year-old son of Mr. and Mrs. W. P. Carter, died at an early hour Sunday morning of inflammation of the bowels, after an illness of only a couple of days. The remains were taken to the Carter family burying-ground at Levyville, where the funeral was held Monday.

Friends of Mr. and Mrs. Carter's family sympathize deeply with them in their bereavement.

JOTTINGS FROM JUDSON.

Judson, July 1.—The drouth has been broken and we are having abundance of rain now. The farmers are wishing for the rain to stop. They think it will cause their cotton to fire and shed its fruit. The corn crop is cut off about one-fourth by the drouth, but the most of the farmers will make their bread and have some to spare.

Mr. and Mrs. W. H. Tucker of Newberry left this morning for their home, after a few days spent visiting their parents and relatives about Judson.

Everybody seems to be happy now, that the rains have come and the crops have come out wonderfully. Most of them will make enough corn to bread them and feed their stock, and the cotton crop is as fine as we ever saw at this time of year.

FIRST REGT. BAND MADE A BIG HIT

Large Crowd Attended the Open Air Concert Monday Evening.

THE BAND IS A FINE ONE

Another Public Concert Will be Given This Morning, When Carriages Will be In Waiting to Take Public to College Park—Presents Given Away.

Through the courtesy of the Consolidated Realty and Improvement Company, which company has the handling of the auction sale of the lots of the College Park Company, which will begin today, the people of Gainesville enjoyed a fine musical treat Monday evening from the band stand by the First Florida Regiment Band of Jacksonville.

There was a large crowd out, notwithstanding the inclement weather, and many ladies attended, despite the knowledge that, in the absence of park seats, they would be compelled to stand through the concert. The crowd was a good-natured one, however, and the class of music was such to drive away "that tired feeling" which might have come from standing under different conditions.

This band is one of the best in the South. Their music is all of a high order, rendered in a manner which could not help but inspire, even to the dullest soul, and altogether the concert was appreciated.

Sale Begins Today.

The sale of College Park lots, which will last for three days, will commence this morning about 9 o'clock. At 8:30 the band will give a public concert on the north side of the square, after which carriages will be in waiting to take those who desire to attend the sale to the College Park site opposite the University of Florida without charge. The public is invited to attend this sale, whether they buy or not.

About 9 o'clock there will be more music on the College Park site, during which more tickets for the handsome prizes will be distributed to the crowd. The drawing will occur at this time, and all who attend will have an opportunity to draw a valuable prize of some kind.

County School Board.

The regular monthly meeting of the County School board, which was to have been held today, has been postponed until the 15th inst., and those interested will be governed accordingly.

Attention, Gainesville Guards.

The Gainesville Guards will hold a special drill Tuesday night, July 2. All members are hereby ordered to report.

SUFFERED WITH ECZEMA 25 YEARS

Limb Peeled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary — Montreal Woman Writes of Cure Seven Years Ago.

BELIEVES LIFE SAVED BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, 'Try them if you like, but I do not think they will do any good.' At this time my leg was peeled from the knee, my foot was like a piece of raw flesh, and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Pills. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use it for his own patients. I used two cakes of Cuticura Soap, three boxes of Ointment, and five bottles of Resolvent, and I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. I have lots of grandchildren, and they are frequent users of Cuticura, and I always recommend it to the many people whom my business brings to my house every day. Phillip Johnson, Charged With Selling Whiskey, Will Have Trial.

Phillip Johnson, the negro arrested by Marshal Arrow Saturday night, and whom that official declares he caught in the act of disposing of whiskey on the streets, will be tried before the city court this morning.

This case was to have been tried Monday, but owing to the lack of certain evidence the defendant desired to produce a postponement was granted until Tuesday morning and in default of bond the prisoner was again remanded to jail.

Another man, Walter Thomas, whom Marshal Arrow saw purchase a pint of liquor from Johnson and who was arrested at the same time and landed in jail, was released as there was no specific charge against him.

Attorney Evans Hatle will defend Johnson.

Skulls are said to be plentiful this year. Several of them have been discovered in the Attorney-General's office. They are after Harriman.

Gov. Beckham of Kentucky is the latest son of the South to be brought forward by his friends for the Democratic nomination for President.

A New England negro preacher who was a stout defender of Roosevelt has been ousted from his pastorate. No doubt it was a square deal.

If female suffrage were an accomplished fact, we know what would happen to the thread trust that has just announced the retail price of spool cotton.

It would not matter much what Thomas Jefferson said to the Democratic party were he alive. There would be too many of them busy talking to listen to it.

There was another big slump in the value of stocks on the London market, June 19, and prices in Wall street went also badly off. After all, the Republican party is not panic proof.

Mayor Schmitz says he is going to be very careful about his associates in the future. If he should get what a good many people think he deserves his associates will wear striped uniforms.

An Ohio paper is such an enthusiastic Taft boomer that it declares his election would mean "four more years of prosperity." But it takes something more than a fat President to make prosperity.

The Hague Peace Commission has decided not to discuss the matter of "compulsory" disarmament, and President Roosevelt is to be congratulated that there is to be no row over his peaceful habits.

Animals cannot laugh, asserts a scientist. Can't they? To "grin like a dog" is as old as holy writ and other instances might be cited. Anyhow another nature-fakir has exposed his ignorance of animals.

The administration has won a good many literary triumphs over the Standard Oil Company and E. H. Harriman. But it seems to have allowed the literature of the statute books to remain a dead letter.

Returning from Sagamore Hill, John Temple Graves said that he "found the President in an outing suit and his conversation correspondingly breezy." Considering the President's usual style of conversation, it is hardly safe to speculate as to the effect a bathing suit might have on it.

Secretary Root has discovered an old statute which gives the President power to exclude from importation into the United States the products of any country discriminating against any product of the United States. This is expected to make France lay down her hand and admit our trust-made cotton seed oil to compete with her olive oil. These Republicans always have an ace up their sleeves to help out a trust.

DEPRESSED PROSPERITY.

When such a conservative business organ as The New York Journal of Commerce is constantly warning its readers that the condition of the money market is critical and that the associated banks of New York have about all their surplus tied up, it behooves other people to sit up and take notice. Call money is offered in New York from 2 to 3 per cent but "accommodations to merchant houses can scarcely be had for less than 6 per cent, and the railroads would be glad to secure funds at that figure." This would indicate that the banks are cautious just now, for there is fear of the future, hence the high interest demanded on commercial and time loans, yet The Journal of Commerce says: "Money is scarce in New York."

How is it elsewhere? In all the great interior money centers, like Chicago and St. Louis, the banks have increased their loans in proportion to their deposits and surplus funds are scarce there also. In fact, the banks of the Western and Middle States are loaned up to the limit so that even in the event of higher interest being offered later in the year in New York there would be but little chance of Western money flowing there. When the crops begin to move, which will soon happen in the cotton and winter wheat regions, the demand for money by the cotton and wheat buyers will begin and must be provided for and yet neither the Southern or Western banks, nor the New York banks, would seem to be in a condition to stand that strain on their resources. If the crops should prove to be light, the increased price will demand about the same amount of cash to take care of them as if heavy crops prevailed and the price was less.

There is also the probability that some wholesale and country merchants will require to borrow of the banks, or seek extension of time on their accounts, because of the unseasonable weather hindering the ordinary purchases of seasonable goods, which would make a further drain on the banks, just when the crop moving season is in full force.

It would seem, therefore, to be wisdom on the part of ordinary people, planters, farmers and others, to keep out of debt and be cautious about purchases until good crops are assured and until the money markets are restored to their normal stability, for it may be difficult to secure temporary accommodations to meet pressing bills, especially if the crops do not meet expectations in quantity and price.

Prosperity based on tariff protection is precarious; it makes princes and paupers—commercial princes of the trust magnates and paupers of those with incomes that do not respond to trust high prices. Experience shows us that such Republican prosperity has always broken down of its own weight and financial disaster has followed very high prices. There are indications that the present boom is on the verge of collapse and it behooves wise men to be careful.

On the farmer depends our future prosperity, and if the Republican policy of protecting the trusts could be abolished, so that the farmers and consumers would not be compelled to pay protection prices for what they buy, a year of light crops could be passed over without disaster. But as it is we must have big crops and high prices to be able to pay the trusts and corporations enough toll to keep them from a bankruptcy that would affect everyone. Keep your eye on the crops.

Secretary of Agriculture Wilson says that the price of meats is going to keep on advancing. This sounds like another boost for his protege, the great American hen.

AMERICAN MEERSCHAUM MINE.

(From a Consular Report.)

Meerschaum, which has heretofore come from Turkey, in Asia Minor, has recently been found in New Mexico, and its extreme scarcity will, from present indications, soon be at an end. The mines are located in the Diablo Mountains, about twenty miles northwest of Pinos Altos, to which a branch of the Santa Fe railroad runs from Deming. There have been stripped two true fissure veins, continuous for 1,500 feet each, in which there is carried between strongly defined walls meerschaum in widths of twenty inches.

The trial of former Associate Statistician Holmes of cotton leak fame, is approaching a period. The defense halfway the proceedings entered a motion to dismiss the indictment and advanced about the most childish plea for the move that it would be possible to conceive. Owing to the testimony so far advanced, it has become plain that the defense could not disprove the fact that Holmes had sold advance information on the crop and profited largely, though not so largely perhaps as he might have done. But the defense claimed that there was no actual law against him disposing of the information if he saw fit and that consequently no crime had been committed. It was a pitiable attempt to evade both justice and equity and had the court listened to it, would have served to put an actual premium on dishonesty in the Government service.

No persistent seeker of the Presidency, except Van Buren and Buchanan, ever attained that office; and these two were comparative failures after they attained it. Clay, Webster, Calhoun, Cass, Douglass, Seward, Chase, Blane, and Sherman were all unable to reach the goal of their ambition. Under the system of party government availability is the sole test of strength; and it so happens that a few brilliant men are available. Such men always make powerful enemies.

Don't be alarmed by the Graves-Roosevelt coalition, it means nothing but vanity on both sides. John Temple Graves has about as much influence in Georgia politics as any reliable Democrat has with President Roosevelt.

SUMMER TEACHERS WILL ENTERTAIN

Normal Literary Society Will Hold First Meeting Friday.

A FINE PROGRAM ARRANGED

It Is of Both a Musical and Literary Nature, and Is Bound to Interest Those Who Hear—Cordial Invitation Is Extended to All.

The first of the week's series of literary entertainments of the Summer Normal Literary Debating Society, recently organized among the students of the Summer Normal here, will be given at the Tabernacle on Friday evening.

Inasmuch as the program is to be carried out by people of high integrity, it is needless to add that the entertainment will be one to be appreciated by the refined element of Gainesville, and as a cordial invitation is extended to the public it is hoped that a good crowd will be present.

The Program.

The following interesting program has been prepared for the occasion:

Invocation—Rev. T. J. Nixon.

Piano Solo—Omerea Sarepta McBeath.

Essay—Miss Pearl Hunter.

Vocal Solo—Miss Rosabel Pedrick.

Debate—Resolved, That the State University Should be Open to Women. Affirmative—Miss Inga Helseth, Miss Eva Dean, Miss Annabel Stewart. Negative—Gus Wilder, G. F. Hall, John Lee.

Piano Solo—Miss Ruby DeLand.

Recitation—Miss Julia Wainwright.

Reading Society Paper—Editor, Miss Ruby Hawkins; Associates, Miss Hamilton, Miss Reddick, Miss Wise.

Stereopticon Lecture—Rev. P. W. Corr.

Tom F. McBeath, Mrs. J. A. Lovelace, Mrs. M. A. Macy, Miss Josephine Bard, John Lee, committee on program.

Police in Uniform.

Gainesville is every day "catching on" to metropolitan airs, necessitated and demanded by the rapid development of the city. The latest evidence are the police uniforms, which have never been worn here before. Marshal Arnow wore his uniform yesterday for the first time, and the other officers are expected to don them as soon as they arrive.

FOURTH OF JULY—Seaboard Air Line railway will sell tickets at rate of one and one-third straight fares for the round trip between all points with a minimum rate of fifty cents. Tickets on sale July 2nd, 3rd and 4th, good returning on or before July 5th.

A Bold Step.

To overcome the well grounded and reasonable objections of the intelligent to the use of secret nostrums, Dr. R. V. Pierce, of Buffalo, N. Y., some time since took a bold departure from the usual course pursued by the makers of patent medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Medicines of Known Composition.*

By this bold step Dr. Pierce has shown that he has the confidence in his medicines that he is willing to submit them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr Pierce's Golden Medical Discovery, the famous medicine for weak stomach, liver or bilousness and all catarrhal diseases wherever located, have printed upon it, *in plain English*, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing *in the strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

THE DESIGNER FOR AUGUST.

One could take The August Designer out under the trees on a hot summer's day and find therein a variety of home things to make the time go flying. The well-known and successful serial, "Economy Farm," continues the amusing tale of two amateur who made a farm pay. "Mary Dale at Home" is a clever monologue that will appeal to the housekeeper who has an Irish cook. "Janet of the Helping Hand" is an interesting story for girls of a little girl who went traveling by herself.

For instruction, we find such articles as "The Wand as a Means of Home Exercise," by Leach Pollard, which puts within reach of the reader the possibility of health-giving physical development. "The Home Maker's Problem of Window Curtains," by Mary Kilsyth, gives advice on a subject that everyone who knows the importance of "Home Made Furniture" shows some clever means of home carpentering and furniture construction. "Wallachian Embroidery" gives instructions for making an embroidery now much in demand.

Among the articles found at the back of the book are those concerning the healthful care of the body—how to dress, what to eat, and some suggestions as to how to play.

Even the advertisements have a certain attraction to read, because everyone is now beginning to talk about the reliability of those found in The Designer.

Crown Prince Postpones Tour.

London, July 1. A Madrid dispatch to the Morning Post says that the crown prince of Portugal in whose favor it was been reported King Carlos would soon abdicate, has not yet started on his tour of the Portuguese African colonies, the trip having positively been postponed.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1.00. Sold by W. M. Johnson.

MORE ANTI-JAPANESE FEELING.

Tokio Learns of Alleged Embargo Placed Upon Japs in 'Frisco.

Tokio, June 29.—Afternoon.—Another serious report of anti-Japanese feeling in San Francisco has been received here to the effect that the city authorities have placed an embargo upon Japanese engaging in the business of intelligence agencies and have also refused them licenses of every kind thus preventing them from engaging in any other business than that of a purely commercial character. Should the report be confirmed it will serve to confirm the belief here that the display of anti-Japanese feeling in that city is based on racial prejudice.

Woman Rescued from Drowning.

Stillmore, Ga., July 1.—While a party of picnickers from this place were bathing in the Ohoopee river at the Ohoopee park Mrs. J. R. Sutton came near drowning. She had drifted beyond the shallow water and was caught by the strong current and being unable to swim, was soon discovered to be in a drowning condition. Her cries for help were heard by those on the banks, who were unable to swim, and therefore powerless. After she had disappeared twice Alex Hughs, of this place, succeeded in catching hold of the drowning woman and by heroic effort and cool judgment, held her safely until Ivy Hunter arrived with a boat and carried them ashore.

Young Woman Committed Suicide.

Macon, Ga., July 1.—A young woman giving the name of Lonnie Williams committed suicide in a Third street house early Friday morning by drinking half an ounce of carbolic acid, which was secured secretly during the night. She died in horrible pain soon after she drank the deadly dose, and before medical aid could be summoned. She was deeply cut because of the death of a friend which occurred in Birmingham, Ala.

Dentist's Deliberate Suicide.

Vincennes, Ind., July 1.—Dr. Henry S. Hatfelaw, a well known dentist, killed himself Friday by firing a bullet into his brain. Grief over the death of his wife and daughter and financial trouble are said to be the causes. The body was found in the doctor's office. He had shaved and carefully dressed himself, left notes to relatives and then placed a wet towel against his cheek to prevent powder burns.

JURY DISAGREES.

Case of Ohio Versus the Standard Oil Company.

Findlay, O., June 29.—The jury in the case of the state of Ohio against the Standard Oil company charged with violating the anti-trust law, on Friday morning reported to Judge Duncan that it had been found impossible to agree on a verdict. The court thereupon ordered the jury discharged. According to rumor, the jury when it first retired stood six for conviction and six for acquittal. Subsequently it is said the jury stood eight to four for acquittal and when the disagreement report was brought in the vote stood 7 to 5.

The case was given to the jury on Wednesday afternoon.

Alabama Seed Crushers.

Montgomery, Ala., June 29.—At a meeting of the Alabama seed crushers here it was decided to ask the legislature to pass laws forcing the delivery of seed as good as contracted for and prevent the mixture of trash and dirt; recommended that the trade be protected the same as wheat and corn and that meal be classified. Also to allow sale under proper direction of all classes of meal and to generally protect the business from evils now complained of. The railroad commission will be asked to include cotton seed in the list of perishable goods. J. M. Keyser, of Huntsville, was elected secretary and sales agent for the state.

Killing Over Missing Hog.

Birmingham, Ala., June 29.—John Dearman, white farmer, was shot and instantly killed late Wednesday afternoon at Upper Coalburg by Arthur Jones, another white man. The killing occurred in the front yard of the slayer's home. Dearman claimed that Jones had a hog belonging to him and went to Jones' house with a shotgun to get it. They quarreled and when Dearman leveled his gun, Jones suddenly reached inside the door and seized a weapon, with which he shot the trespasser.
